

Supplementary Table 16			
Length of gene	Minimum length	Mean length	Maximum length
Short	2641	28689	48692
Intermediate	48718	81421	121058
Long	121162	382160	2169352

Supplementary Table 7 Classification of genes according to their length (number of nucleotides) in short, intermediate and long
